Questions and general discussion

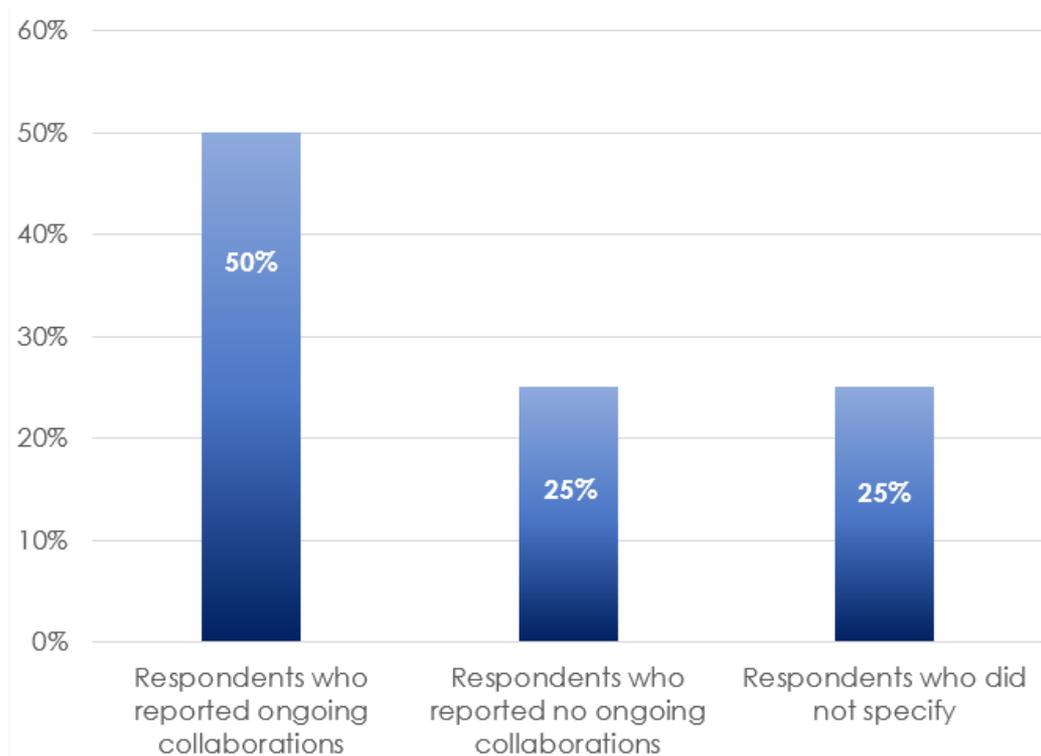

Members Survey

Have you had any climate-related capacity development activity in the past?

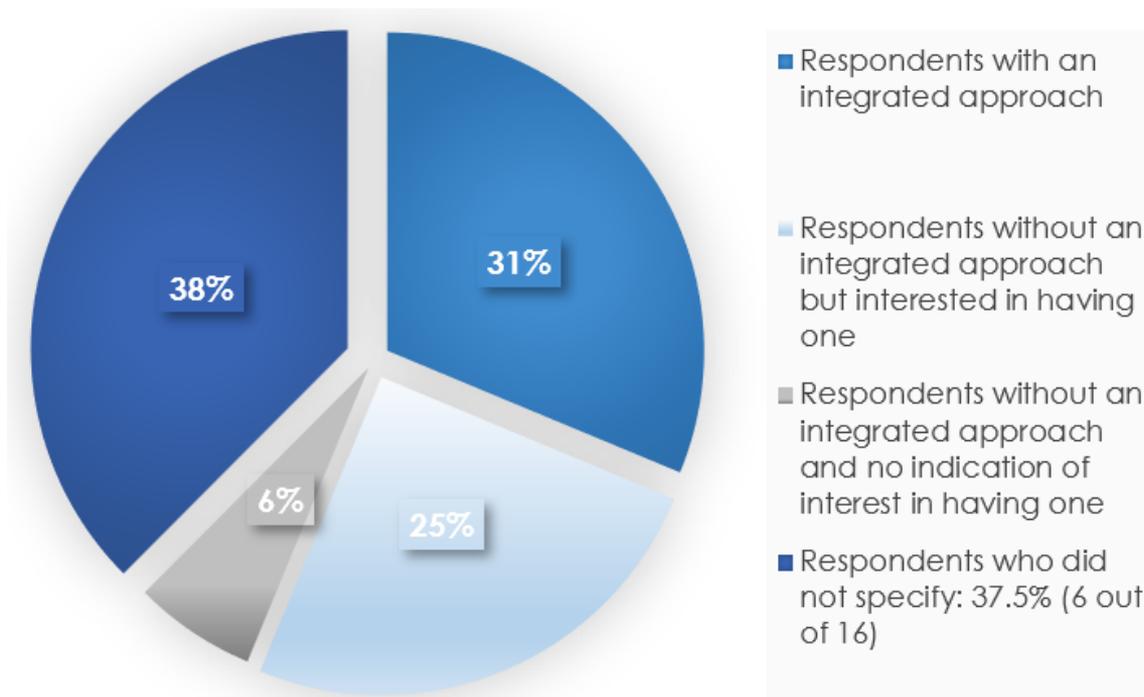

Members Survey

Do you have ongoing collaborations with international/regional/national knowledge centers (universities or think-tanks) in relation to climate change or climate policy topics?

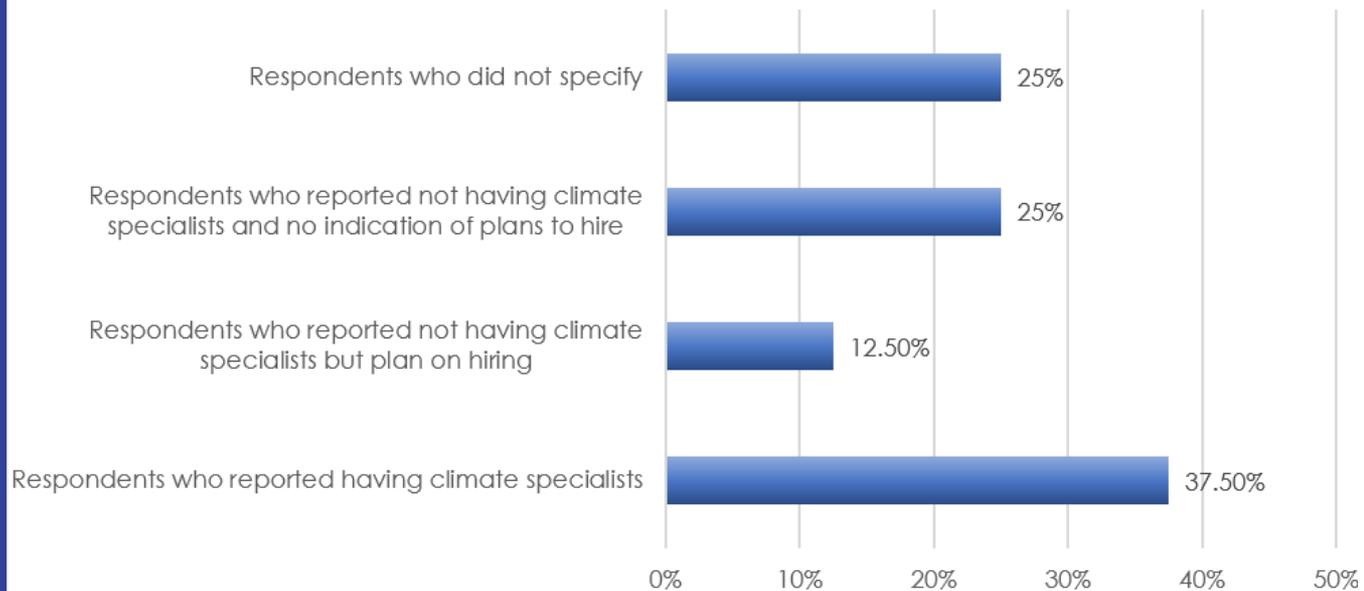

Members Survey

Does your Ministry of Finance have an integrated approach (and related documents) on climate change policies? If not, would your ministry be interested in having a climate-related strategy document?

Members Survey

Do you have climate specialists within the Ministry of Finance? If not, do you plan on hiring a new colleague with such a profile soon? If yes, for which specific missions and objectives?

Members Survey

Has your Ministry of Finance developed (or expanded) analytical tools to allow for the integration of climate and nature considerations into the decision-making process?
